Visa Liberalisation for Ukraine - Is the EU Ready To Support It?

1 December 2015 (16.15-18.15)

European Parliament, Room: JAN 6Q1

Registration is open until 24 November 12h00 CET

Ukraine has never been so close to the abolition of the visa regime with the EU as it is now, but this process can still be delayed or even disrupted due to migration risks arising from the annexation of Crimea and armed conflict in the East of Ukraine. Some data signals an increase in the number of asylum seekers from Ukraine, which may be used as a pretext to defer the decision on Ukraine. The experts will offer their alternative assessment on the state of implementation of Visa Liberalization Action Plan and present the Migration Security Map containing sectorial counterarguments to the widely spread myths of a massive exodus of Ukrainians to the EU.

Opening remarks: Michaela Šojdrová, MEP (EPP), Sandra Kalniete, MEP (EPP Vice-Chair), Jaromír Štětina, MEP (EPP), Iryna Sushko, Executive Director, Europe without Barriers, Natalia Yerashevich, Director, Secretariat of the EaP CSF, Dmytro Shulga, the European Programme Director, International Renaissance Foundation (IRF)
