### RESOLUTION

Conference on the basis of the National Platform  
of the Eastern Partnership Civil Society Forum

**“The role and place of civil society in the strategy of the future”**

*Minsk, 11-12 April 2011*

On April, 11<sup>th</sup>, 2011, at about 6 p.m., in Minsk, at the Kastychnickaya (Oktyabrskaya) metro station, there was an explosion which has taken the lives of 12 people; the total number of the injured has reached more than 190 people.

We, participants of the Conference organized on the basis of the National Platform of the Eastern Partnership Civil Society Forum, representatives of the wide public, express our deep condolences to all the victims and members of their families.

We consider that this barbarous act of violence is directed against all citizens of Belarus, irrespective of their political and public points of view, national and religious affiliation.

Only society's consolidated reaction can resist the perpetration of such brutal crimes.

We condemn any forms of terror and we express our deep concern with the fact that this monstrous act has occurred to our country and our nation.

It must be noticed that until now the notorious cases which have to do with the investigation of the acts of terrorism in our country, are not properly solved, that creates favorable conditions for the commitment of similar crimes.
