

# **Review of the Work Programme 2014-2017**

## **Platform 3 on Energy Security**

**11 December 2015**

## **3 clusters of questions:**

### **1. General questions**

### **2. Ownership and visibility**

### **3. Thematic areas:**

- 1. Approximation of the regulatory framework***
- 2. Development of electricity, gas and oil interconnections***
- 3. Energy efficiency and renewable energy***
- 4. Establishment and strengthening of a regulatory framework in nuclear safety***
- 5. Conventional and unconventional oil and gas resources***

# 1. General questions:

- ❖ **Usefulness in general terms**
- ❖ **Synergies bilateral <-> multilateral**
- ❖ **Coherence with and reporting on regional activities**
- ❖ **Boosting differentiation**
- ❖ **Working methods**
- ❖ **Participation of 3rd countries**
- ❖ **Exchange with other platforms**

## 2. Ownership and visibility:

- ❖ **Visibility activities of partner countries and EU Member States**
- ❖ **Availability of information**
- ❖ **Strengthening exchange EU MS <-> Partners**
- ❖ **Concrete contributions from EU Member States**
- ❖ **Appropriate participants/speakers**
- ❖ **Usefulness of Informal Networking Group**

## **3. Thematic areas:**

- ❖ Appropriateness of current thematic areas**
- ❖ Balance of areas discussed in meetings**

## **3.1 Approximation of the regulatory framework:**

- ❖ Workshop of EaP energy regulatory bodies and field trips**
- ❖ Responding to differentiation needs**
- ❖ Synergies with future regional cooperation programme**

## 3.2 Development of electricity, gas and oil interconnections:

- ❖ **Potential of Platform 3 in this area**
- ❖ **Modernising energy supply chain**
- ❖ **Emergency response mechanisms**

## **3.3 Energy efficiency and renewable energy:**

- ❖ Areas to be covered (secondary legislation, grid integration, exchange on I&T)**
- ❖ Priority for sub-sectors**
- ❖ Synergy between Platform and Energy Flagship Initiative**
- ❖ Exchange of information with Platform 2 (panel on environment and climate change)**

## **3.4 Establishment and strengthening of a regulatory framework in nuclear safety:**

- ❖ Platform added value**
- ❖ Interest in technical events**
- ❖ Information exchange of implementation of national action plans**
- ❖ Other sub-sectors of interest**

## 3.5 Conventional and unconventional oil and gas resources:

- ❖ **Sub-sector priorities**
- ❖ **Potential of Platform**

## Next steps:

*Further internal  
discussion of  
proposals*

*Revision of WP*

*Dissemination  
of revised WP  
to Platform  
participants*

*Adoption of WP  
through written  
procedure in  
Q1 2016*

**Thank you very much**
